MEMORANDUM TO: MR. BISSILL

SUBJECT : Navigational Cockpit Gadgetry

This is to confirm my statement at this morning's staff meeting concerning the above subject. Conversations with the Commander, Operations Officer, and pilots of Detachment "A" indicate they have no requirements for any "gadgetry" other than that which they proposed to provide themselves. They indicate that they need no assistance from Headquarters in this respect. They were told that should any assistance be needed, they are to contact us at the earliest possible time.
